## Alabama ARRA Funding Notes

### Notes

Per revised federal guidance, jobs created/retained are quarterly figures while amounts awarded, received and expended are cumulative for the life of the Recovery Act grant/program. Amounts awarded, received/invoiced, and expended will be updated monthly to reflect cumulative totals through the last day of the preceding month.

Jobs created/retained will be updated:

January 2010: October-December 2009 quarterly data

July 2010: April-June 2010 quarterly data

January 2011: October-December 2010 quarterly data

July 2011: April-June 2011 quarterly data

January 2012: October-December 2011 quarterly data

April 2010: January-March 2010 quarterly data

October 2010: July-September 2010 quarterly data

April 2011: January-March 2011 quarterly data

October 2011: July-September 2011 quarterly data

January 2012: October-December 2011 quarterly data

April 2012: January-March 2012 quarterly data

Amount Expended exceeds Amount Received on many grants because federal funding is received on a reimbursement basis.

### Definitions

#### Amount Awarded

The total dollar amount of ARRA funds that an agency/institution is expecting to receive over the life of the grant/program.

#### Amount Received or Invoiced

The total cumulative dollar amount of ARRA funds received through draw-down, reimbursement or invoice.

#### Amount Expended

The total cumulative dollar amount of ARRA funds that the agency/institution has spent for the grant/program at the time of this report.

#### Quarterly Jobs Created/Retained

Quarterly Jobs Created/Retained are calculated by dividing the total number of hours worked and funded by the Recovery Act during the reporting quarter by the total number of hours in a full-time work schedule during the quarter. This yields the total number of full-time equivalent jobs (FTE) funded by the Recovery Act during the reporting quarter, but does not reflect jobs created/retained in previous quarters (or the lack thereof). Due to numerous changes in federal guidance on reporting jobs since the Recovery Act was passed the State of Alabama cannot accurately calculate the total number of jobs created/retained by Recovery Act funding over the lifetime of the Act.

#### Performance Metrics

The State Recovery Office reports performance measures established by the state agencies that receive Recovery dollars in order to provide a more comprehensive view of results-based information. Accountability and transparency remain trademarks for our state with respect to the Recovery Act as well as all other public reporting. Providing information to the public that goes above and beyond the data submitted to the Federal agencies each quarter is a goal for the State Recovery Office. Along with the performance measures reported, you may also find information about jobs created/retained for each grant as well as a comparison of ARRA to non-ARRA funding for each program reported.

Alabama's performance measures fall into seven categories closely related to the purposes of the Recovery Act: Public Safety, Energy, Transportation, Workforce, Health and Human Services, Housing, and Environment. The State Recovery Office will regularly update this information and continue to provide additional measures as they become available from the agencies and institutions.

\*The Alabama Department of Economic and Community Affairs will have to return approximately \$1,203,000 to the federal funding agent from the \$18,335,466 funds received for the Community Service Block Grant. The funds were allocated to a sub-recipient which was dissolved before expenditure could occur. Due to regulations from the Department of Health and Human Services, funds cannot be re-allocated to another sub-recipient once they have been allocated to the initial sub-recipient. \*In addition, \$39,312.85 will be returned to the federal funding agency from the \$2,220,871.00 funds awarded for the Violence Against Women Act Grant. The funds were allocated to a sub-recipient who did not spend the full amount prior to the federal deadline.

\*\*\*Reporting of Education Jobs Bill funding follows the same stringent rules as those of the Recovery Act. For transparency purposes the funding allocated to the State of Alabama from the Education Jobs Bill are included in this report. For the purpose of segregating the dollar amounts associated with this program from other ARRA funding, the Education Jobs Bill amounts awarded, received, and expended will not be included in the overall totals of ARRA impact reported for the agency and/or state. Education Jobs Funds are received on a reimbursement basis. At the time of this report, the amounts expended during the previous month are pending approval by the Executive Budget Office. The amount expended is subject to change. The amounts expended reported by the State Department of Education and the Executive Budget Office may not always reconcile for these purposes.

## Appendix A- Definitions

### **Amount Awarded**

The total dollar amount of ARRA funds that an agency/institution is expecting to receive over the life of the grant/program.

### **Amount Received or Invoiced**

The total cumulative dollar amount of ARRA funds received through draw-down, reimbursement or invoice.

### **Amount Expended**

The total cumulative dollar amount of ARRA funds that the agency/institution has spent for the grant/program at the time of this report.

### **Quarterly Jobs Created/Retained**

Quarterly Jobs Created/Retained are calculated by dividing the total number of hours worked and funded by the Recovery Act during the reporting quarter by the total number of hours in a full-time work schedule during the quarter. This yields the total number of full-time equivalent jobs (FTE) funded by the Recovery Act during the reporting quarter, but does not reflect jobs created/retained in previous quarters (or the lack thereof). Due to numerous changes in federal guidance on reporting jobs since the Recovery Act was passed the State of Alabama cannot accurately calculate the total number of jobs created/retained by Recovery Act funding over the lifetime of the Act.

**Appendix B- Job Descriptions**

**State Government Agencies**

**ADECA**

**14.255 – Community Development Block Grant**

Pipelayers, Laborers, Truck Drivers, Construction Foremen/Supervisors, Drillers, Painters, Asphalt Paver Operators, Trackhoe Operator, Loader Operator, Backhoe Operator, Milling Machine Operator, and Traffic Controller.

**93.710 - Community Services Block Grant**

The jobs that were created/retained are with Alabama's Community Action Agencies. These staff will assist in providing services to low-income individuals and families in order to assist them in becoming self-sufficient. Other positions include administrative and technology support at the Community Action Agencies.

**16.803 - Edward Byrne Memorial Justice Assistance Grant**

Law Enforcement Officers, District Attorney's, Bookkeepers, Accountants, Administrative Support Personnel

**81.128 - Energy Efficiency and Conservation Block Grants**

No jobs or positions created at this time.

**81.127 - Energy Efficient Appliance Rebate Program**

\$350,000.00

No jobs or positions created at this time.

**14.257 - Homelessness Prevention**

The project administrator will implement the program, oversee compliance, personnel management and monitor and evaluate the project. The housing locator will locate housing, oversee lessor relationships and conduct housing inspections. Case managers will accept referrals, determine eligibility, develop case plans for housing independence, refer to other community resources and services, request payments for rent, utilities and approved services, monitor client progress and recertify households.

**11.558 - State Broadband Data and Development Program**

N/A

**81.122 - State Energy Assurance Initiative**

No jobs or positions created at this time.

**81.041 - State Energy Program Formula Grants**

Two conditional Program Manager positions were created to assist with the implementation of ARRA funding. Their duties include project management and ensuring compliance with ARRA provisions. Eight existing positions are partially funded with ARRA funding. These positions include one Energy Management Engineer who assists with project management and technical review, six Program Managers who manage subgrantee projects and ensure compliance with ARRA provisions, and one administrative support position to assist with daily operating activities.

**16.801 - Victims of Crime Act Victim Assistance Formula Grant**

ARRA VOCA funding has been of great value to providers of direct services to crime victims in the State of Alabama. The funding has provided for the creation or retention of the following types of jobs: victims advocates, court advocates, crisis line workers, Sexual Assault Nurse Examiners, domestic violence shelter managers, night and relief workers for shelter programs, child advocates, forensic interviewers, counselors, etc. ARRA VOCA subgrantees have expressed great appreciation for their Recovery Act funding and state that it has provided positive results within their communities. Additionally, the administrative funds of the ARRA VOCA funds have paid a portion of program management and program integrity monitoring salaries. The State of Alabama has awarded all of its ARRA VOCA funding and more than 50% of the federal award has been drawn down.

**16.588 - Violence Against Women Act Services Training Officers and Prosecutors**

The positions retained by the Recovery funding include: 6 state court information systems personnel; 2 sheriff deputies; 8 victim service officers; 4 intake service advocates; 7 prosecutors; 5 legal/court advocates; 2 SANE nurses; 2 crisis line coordinators; 5 counselors; 3 shelter managers; 15 administrative/management positions.

**Appendix B- Job Descriptions**

**81.042 - Weatherization Formula Grants**

The jobs created and retained as a result of funding provided from the American Recovery and Reinvestment Act (ARRA) include contractor labor for installation of weatherization measures, subrecipient staff, and recipient staff. The contractor labor includes weatherization workers, doors and windows replacement workers, and HVAC workers. The subrecipients who administer the Weatherization Assistance Program locally have hired new employees or were able to retain staff because of ARRA. Subrecipients have hired administrative assistants and energy auditors to accelerate the applicant intake process as well as the assessment of dwellings to be weatherized. Finally, the recipient has hired monitors to ensure that subrecipients are meeting production goals, provide training and technical assistance for subrecipients, and attend to duties which have been expanded as a result of the unprecedented ARRA Weatherization funding.
